Utility Addresses before the American Bar Association 573

Index to Public Utilities Reports

(This section of the magazine, which comprises the decisions, orders, and recommendations of courts and commissions, is too voluminous to be included in this index. These reports are published annually in their entirety, in five bound volumes, together with the Annual Digest; copies may be obtained from the publishers, Public Utilities Reports, Inc., *Munsey Building, Washington, D. C., upon application.)*

Subject Index

ACCOUNTING,
Amortization of plant acquisition adjustments, 237.

ADMINISTRATIVE LAW,
Due process concept under administrative law, 794.

ADMINISTRATORS,
Ideal administrators, 181.

ADVERTISING,
Sale of transit service by the single line, 413.
Selling the public the need for higher transit rates, 419.
Tell them the facts, 443.
Utility advertising, 380.

AIR CARRIERS,
Air mail costs, 21.

ALABAMA POWER COMPANY,
Company and its community, 751.

AMERICAN BAR ASSOCIATION,
Important addresses on questions of public interest at annual meeting, 573.

AMERICAN GAS ASSOCIATION,
AGA publications, 519.

AMERICAN TELEPHONE AND TELEGRAPH COMPANY,
Who owns the AT&T, 539.

ATOMIC ENERGY,
Nature, peculiarities, and mathematics of, 350.
"Operation bootstrap," 249.
Question of aid to socialists, 383.

BONDS,
See Securities.

BUSINESS,
Building a strong America, 114.
How to sell free enterprise, 818.
Individualism or no, 754.
Modern business interpreted, 379.
Political opportunity for businessmen, 382.

CAPITALISM,
Faith in capitalism, 441.

CHARTS,
Average cost of installed transformers compared with transmission line kilovolts, 155.
Cost of transmission of a hundred miles over four different voltages: component costs of transmission, 156.
Electric utilities—increased efficiency *vs.* lower earnings per unit of output, 811.

CHARTS—*continued*
Gas sales, revenues, and net income, 513.
Historical trend of utility financing, 107, 743.
Minimum cost of energy transmission, 157.
Percentage, composition of AT&T stock list by age of account, 543.
Signposts to inflation, 305.
Transit operations and income, 433.
Transmission line cost per mile compared with transmission line kilovolts, 154.
Trend of sales and earnings of electric utilities, 45, 373.
Utility financing costs, 234, 562.

COLLECTIVISM,
Modern business interpreted, 379.

COMMISSIONS,
Attitude of commissioners, 117.
Change in AT&T license fee urged by commissioners, 41.
Due process concept under administrative law, 794.
Summary of state regulation, 560.
The Federal Power Commission—and natural gas, 585.
What the state commissioners are thinking about, 881.
Where utility regulatory commissioners go, 294.

COMMUNICATIONS,
Current development in rate-making for communications, 614.
FCC still needs investigation, 835.
Mobilization of, 40.

COMMUNISM,
"Hate-the-boss" line of argument of state socialism, 3.

COMPETITION,
See also Public Ownership.
Shasta power controversy, 11.

CONGRESS,
Box score for 80th Congress, 169.
FCC still needs investigation, 835.

CONSTITUTIONAL LAW,
Due process concept under administrative law, 794.

CONSTRUCTION,
Billions for construction, 43.
EEI meeting stresses expansion and financing, 51.
Life insurance companies must be permitted to buy utility stocks to help finance, 673.
Movie angles in big construction job, 486.
Well-planned service changeover to natural gas, 467.

PUBLIC UTILITIES FORTNIGHTLY INDEX

CONVENTIONS,
American Bar Association news relating to Public Utility Law, 573.
EEI meeting stresses expansion and financing, 51.
What the AGA convention hopes to accomplish 465.

CREDIT,
Credit expansion continues despite Federal Reserve "brakes," 742.

CUSTOMERS,
"Better service"—not "public relations," 850.
Customer ownership of public utility securities, 147.

DIVIDENDS,
See also Securities; Tables.
Dividends—the key to value, 545.

EARNINGS,
See also Financing; Tables.
Impact of inflation on utility earning requirements, 560.
"Profits Mean Progress," 817.
Recent monthly earnings of electric utilities show improvement, 814.

ECONOMIC COÖPERATION ADMINISTRATION,
Federal financial aid to foreign public utilities, 769.

ECONOMICS,
Simple economics, 185.

ELECTIONS,
Federal administration committed to more and bigger public power projects, 801.

ELECTRIC BOND AND SHARE COMPANY,
Bond and Share divestments, 752.

ELECTRICITY,
Amendments to Federal Power Act proposed, 592.
AM engineer looks at financial problems of electric utilities, 109.
Behind the switch, 439.
Chart showing average cost of installed transformers compared with transmission line kilovolts, 155.
Chart showing cost of transmission of a hundred miles over four different voltages: component costs of transmission, 156.
Chart showing increased efficiency *vs.* lower earnings per unit of output, 811.
Chart showing minimum cost of energy transmission, 157.
Chart showing transmission line cost per mile compared with transmission line kilovolts, 154.
Chart showing trend of sales and earnings, 45, 373.
Current developments in electric rate making, 620.

ELECTRICITY—*continued*
Defense agencies concerned about power supply, 93.
Domestic and foreign power study, 311.
EEI meeting stresses expansion and financing, 51.
Electric utility stocks better than ever, 286.
Federal administration committed to more and bigger public power projects, 801.
Federal Power Commission regulation, 603.
Industrial demand for electrical equipment, 440.
Industry attraction to power-minded electrical engineer, 267.
Interconnection by grid system, 201.
Long-distance power transmission, whether economical, 153.
More power for America, 312.
Nature, peculiarities, and mathematics of atomic energy and consideration of prospects of for electric power, 350.
New Federal power policy wanted, 333.
New York St. Lawrence public power project, 728.
Power pools not new, 819.
Public utilities take a hand at rural development, 647.
Rate patterns for residential service, 654.
Recent rise in rates, 552.
Relationship of industry to national defense, 135.
Shasta power controversy, 11.
Siege of private utility control in South Carolina, 784.
Table showing recent financial data for principal electric holding company stocks, 113, 239, 518, 680, 816.
Table showing recent financial data for principal electric operating company stocks, 112, 238, 377, 517, 679, 815.
Tools and power and progress, 211.
Who keeps plugging the "power shortage," 186.

EMPLOYEES,
See also Labor.
Annual report for employees, 752.
Attraction of electric industry to power-minded electrical engineer, 267.
"Hate-the-boss" line of argument of state socialism, 3.
House organ growing up, 77.

ENGINEERS,
Electric industry as attracted to power-minded electrical engineer, 267.

EXPORT-IMPORT BANK,
Federal financial aid to foreign public utilities, 769.

FEDERAL COMMUNICATIONS COMMISSION,
FCC still needs investigation, 835.

FEDERAL POWER ACT,
Need for amendments, 592.

FEDERAL POWER COMMISSION,
Regulation of natural gas and electric industries, 603.
The Federal Power Commission—and natural gas, 585.

FINANCING,
See also Securities, Tables.
AM engineer looks at financial problems of electric utilities, 109.
Chart analysis of utility financing, 173.
Chart showing utility financing costs, 562.
Charts showing historical trend of utility financing, 107, 743.
Competitive bidding exemption—fight over, 748.
Continued difficulties with preferred stock financing, 371.
Costs of, to utilities, 233.
Credit expansion continues despite Federal Reserve "brakes," 742.
Current statistics and ratios, 558.
EEI meeting stresses expansion and financing, 51.
Federal financial aid to foreign public utilities, 769.
Income taxes should be readjusted to increase flow of individual savings into industry, 676.
Life insurance companies must be permitted to buy utility stocks to help finance construction program, 673.
Need for greater flexibility in utility financing, 637.
New edition of Turner's "Financial Statistics of Public Utilities," 376.
Problems of the transit companies, 431.
Progress and prospects of the gas industry, 511.
Recent new money financing, 561.
Relation of security regulation to market timing, 28.
Ruling factors behind today's utility financing problems, 278.
Sale of utility common stocks through warrants, 703.
Sound-color film for financing, 120.
Trends in utility financing, 106.
Why big prospectuses, 563.

FLOODS,
Keeping utility service up in flood emergency, 722.
Reply to suggestion of flood waters in Tennessee valley, 364.
Single purpose flood control pays off in Ohio, 69, 159.

FOREIGN UTILITIES,
Federal financial aid to foreign public utilities, 769, 857.

FREE ENTERPRISE,
Modern business interpreted, 379.

GAS,
AGA publications, 519.
Chart showing gas sales, revenues, and net income, 513.
Facing facts in the gas industry, 681.
Federal Power Commission regulation, 603.
Financial progress and prospects, 511.
Flaring of natural gas, 523.
Gas research produces results, 493.
Middle West gas tangle, 227.
Movie angles in big construction job, 486.
Natural gas price and supply, 521.
Navy tackles marsh gas synthetic, 505.
Need for amendments to Federal Power Act, 592.
Oil and gas industries in defensive position with new Congress, 806.
Pattern for gas nationalization in Britain, 183.
Recent rise in rates, 552.
Synthetics in place of natural fuels, 499.
Table showing recent financial data on company stocks, 49, 309, 437, 565.
The Federal Power Commission—and natural gas, 585.
Underground gasification of coal, 750.
Underground storage of gas, 481.
Washington's century of gas light, 241.
Well-planned service changeover to natural gas, 467.
What the AGA convention hopes to accomplish, 465.

GOVERNMENT,
See also Public Ownership.
Building a strong America, 114.
Federal administration committed to more and bigger public power projects, 801.
Federal financial aid to foreign public utilities, 769, 857.
Hoover board blues, 667.
Unions can't do business with, 86.

GREAT BRITAIN,
British coal industry—first year under public ownership, 819.
Pattern for gas nationalization, 183.

HOLDING COMPANIES,
Progress of holding company integration, 44, 435.
Table showing recent financial data for principal electric holding company stocks, 113, 239, 378, 518, 680, 816.

HOUSE ORGAN,
House organ growing up, 77.

INFLATION,
Impact of inflation on utility earning requirements, 560.
"Signposts to inflation," 303.

INSURANCE,
See Life Insurance.

PUBLIC UTILITIES FORTNIGHTLY INDEX

INTERCONNECTION,
By electric grid system, 201.
Domestic and foreign power study, 311.

INTERCORPORATE RELATIONS,
Change in AT&T license fee urged by commissioners, 41.

INTEREST,
Restriction on use of interest fund paid back to reclamation bureau on unamortized power project investment, 38.

INVENTIONS,
Around and about—new wrinkles, oddities, and amenities in connection with utility service, 664.

INVESTMENT,
See also Securities.
Taxes absorb risk capital, 314.

LABOR,
See also Employees.
Health and retirement benefits for utility employees, 343.
Missouri's antistrike law, 204.
The worker speaks, 817.
Unions can't do business with government, 86.

LEGISLATION,
Bills in state legislatures affecting utilities, 219.
Box score for 80th Congress, 169.
Need for amendments to Federal Power Act, 592.
New Federal power policy wanted, 333.
Oil and gas industries in defensive position with new Congress, 806.

LIFE INSURANCE,
Companies must be permitted to buy utility stocks to help finance construction program, 673.
Insurance company holdings of utility securities, 563.
Investment in utility securities, 278.

MAIL,
Air mail costs, 21.

MANAGEMENT,
"Meet the press," 119.

MISSOURI,
Antistrike law, 204.
River basin and its development, 444.

MOTION PICTURES,
Movie angles in big construction job, 486.

MUSIC,
On busses and streetcars, 406.

NATIONAL DEFENSE,
Defense agencies concerned about power supply, 93.
Relationship of power industry to, 135.

NATIONALIZATION,
"Hate-the-boss" line of argument of state socialism, 3.
Pattern for gas nationalization in Britain, 183.

NATIONAL SECURITY RESOURCES BOARD,
Big plans of NSRB, 167.

NATURAL GAS,
See Gas.

NEWSPAPERS,
"Meet the press," 119.

NEW YORK,
St. Lawrence public power project, 99, 228, 728.

NITROGEN,
Nitrogen removal project, 505.

ODDITIES,
Around and about—new wrinkles, oddities, and amenities in connection with utility service, 664.

OHIO,
Single purpose flood control pays off in Ohio, 69, 159.

Analysis of pension plans, 120.

PIPE LINES,
See also Gas.
Movie angles in big construction job, 486.

POLITICS,
Oil and gas industries in defensive position with new Congress, 806.
Political opportunity for businessmen, 382.

PRICES,
"Signposts to inflation," 303.

PROSPECTUSES,
Why big prospectuses, 563.

PUBLICITY,
See Advertising.

PUBLIC OWNERSHIP,
British coal industry—first year under public ownership, 819.
Federal administration committed to more and bigger public power projects, 801.
New Federal power policy wanted, 333.
New public power plans, 808.
Shasta power controversy, 11.
Siege of private utility control in South Carolina, 784.

PUBLIC RELATIONS,
Aid to communities, 182.
"Better service"—not "public relations," 850.
Movie angles in big construction job, 486.
Music and news on busses and streetcars, 406.

PUBLIC RELATIONS—*continued*
Policy of conducting tours of plants and offices for customers, 249.
Special dramatizations of annual report of instruction of company supervisors and benefit of investors, 359.
Tell them the facts, 443.
Utility advertising, 380.

PUBLIC UTILITIES,
Aid to communities, 182.
American Bar Association news relating to Public Utility Law, 573.
Annual report for employees, 752.
Annual reports, additional comments on, 244.
Annual reports—pictures or no pictures, 170.
Around and about—new wrinkles, oddities, and amenities in connection with utility service, 664.
Billions for construction, 43.
Coming year in regulation, 575.
"Hate-the-boss" line of argument of state socialism, 3.
Individualism or no, 754.
Legislative proposals affecting, 219.
"Meet the press," 119.
New edition of Turner's "Financial Statistics of Public Utilities," 376.
Special dramatizations of annual report of instruction of company supervisors and benefit of investors, 359.
The house organ growing up, 77.
What the state Commissioners are thinking about, 881.

RADIO,
Mobile telephone problem, 844.
New streetcar serenade, 406.
Radio phone regulation, 103.
Television prospects, 243.
Westinghouse pushes stratovision, 300.

RAILROADS,
Government reparation cases against the railroads, 581.

RATES,
Air mail costs, 21.
Changing concepts of valuation for rate making, 316.
Current developments in electric rate making, 620.
Current developments in rate-making for communications, 614.
Current developments in transit rate making, 629.
Electric rate patterns for residential service, 654.
Recent rise in rates for gas and electricity, 552.
Selling the public the need for higher transit rates, 419.
Summary of state regulation, 560.

RECLAMATION,
Restriction on use of interest fund paid back to reclamation bureau on unamortized power project investment, 38.
Truman mans the reclamation pumps, 37.

RECORDING,
Telephone conversation recording is started, 301.

REGULATION,
American Bar Association news relating to Public Utility Law, 573.
Coming year in regulation, 575.
Due process concept under administrative law, 794.
Summary of state regulation, 560.

REPARATION,
Government reparation cases against the railroads, 581.

REPORTS,
Additional comments on annual reports, 244.
Annual report for employees, 752.
Pictures or no pictures, 170.
Special dramatizations of annual report for instruction of company supervisors and benefit of investors, 359.

RESEARCH,
Gas research produces results, 493.

REVENUES,
See Tables.

RIVERS,
See Waterways.

RURAL SERVICE,
Public utilities take a hand at rural development, 647.

ST. LAWRENCE WATERWAY,
New look for St. Larry, 99.
New York plans for development, 228.
New York St. Lawrence public power project, 728.

SECURITIES,
Chart showing historical trend of utility financing, 743.
Comparative performances of Dow-Jones stock price averages, 715.
Competitive bidding exemption—fight over, 748.
Continued difficulties with preferred stock financing, 371.
Customer ownership of public utility securities, 147.
Dividends—the key to value, 545.
Electric utility stocks better than ever, 286.
Financing costs, 233.
Forecasting 1948 earnings, 371.
Insurance company holdings of utility securities, 563.
Jay Samuel Hartt's utility ratios, 516.

SECURITIES—*continued*
Life insurance companies must be permitted to buy utility stocks to help finance construction program, 673.
Need for greater flexibility in utility financing, 637.
New edition of Turner's "Financial Statistics of Public Utilities," 376.
Problems of the transit companies, 431.
Progress and prospects of the gas industry, 511.
Recent new money financing, 561.
Recent utility financing, 812.
Regulation and the equity capital problem, 709.
Relation of security regulation to market timing, 28.
Ruling factors behind today's utility financing problems, 278.
Sale of utility common stocks through warrants, 703.
Special dramatizations of annual report of instruction of company supervisors and benefit of investors, 359.
Table of utility studies by Wall Street firms, 375.
Table showing average holdings of preferred shares per stockholder, 149.
Table showing distribution of assets of life insurance companies, 675.
Table showing new money financing by electric utilities, and adjusted capital ratios, 109.
Table showing principal public offerings of utility securities, 48, 240, 564.
Table showing recent financial data for principal electric holding company stocks, 113, 239, 378, 518, 680, 816.
Table showing recent financial data for principal electric operating company stocks, 112, 238, 377, 517, 679, 815.
